IME
INCREASING MARKET EMPLOYABILITY

Schweizerische Eidgenossenschaft
Confédération suisse
Confederazione Svizzera
Confederaziun svizra

Swiss Agency for Development and Cooperation SDC

The Sustainable Tourism Catalogue outlines the exciting offer by local tourism providers that have been supported through the Swiss Increasing Market Employability Program - IME.

The network of local partners featured here creates a well-rounded, summarized collage of sustainable tourism products available across several destinations in North Macedonia, and it does not represent an exhaustive list of tourism service providers.

If you are a registered sustainable tourism service provider and want to be featured in the next issue, do not hesitate to get in touch with the Increasing Market Employability Programme - IME representatives at contactime@thepalladiumgroup.com.

Please note that submitted requests are subject to a review process and need to be priorly approved. The Catalogue will be issued with new listings every three months, depending upon the requests.
